The need for Risk Management Certification

The need for Risk Management Certification

- ▲ Risk Management weakness is often highlighted as the core of all financial crisis. Every major event and fraud is a lapse in Risk Management
- ▲ Risk Management adds value to an organisation in the long term and in a sustained manner
- ▲ Training in Risk Management is often not present in current University and MBA syllabus.
- ▲ Risk Managers are often sought and well paid. These professionals are likely to play a major role in strategy implementation of any organization in the future

Riskpro Offering

- ▲ Riskpro introduces a unique Certification in Risk Management titled Risk Management Professional (RMP)
- ▲ RMP covers all aspects of risk management and not just focused on Banking Risk, Financial Risk. We believe that risk management is a holistic concept, not just restricted to banking/Insurance
- ▲ Just imagine almost 200 hours of risk related training, practical training, webinars, counseling, regular risk updates. You are constantly being exposed to risk management and will surely make you a true and well informed risk manager.
- ▲ **A sheer value proposition with a price tag of Rs 18,000 compared to other companies**

RMP Summary

RMP Component	Details
Price	Rs 18,000 plus taxes (Outside India : US\$ 400)
Start date	Rolling admission. You can start as soon as you register and are a paid candidates
Overseas candidates	These are predominantly E Learning. Hence, location is not a constraint.
Mode of teaching	<ul style="list-style-type: none"> ▪ Mainly E Learning – module based from a leader in E Learning. ▪ About 40 hours of interactive live sessions over Webex/classroom <p>These are not physical classroom based.</p>
Subjects Covered	Please see prior slides.
Duration	Depends upon you
Job Assistance	Riskpro endeavours to assist with respect to jobs. No job guarantees, though.
Recognition	<p>This is a new program. The RMP will gain recognition over time, however, it is not to be used to get a job in risk or to rely upon for a career change.</p> <p>Treat the program as knowledge enhancement. After all, knowledge is power ultimately.</p>
FRM/PRM or Riskpro's RMP	<p>Riskpro's RMP has a totally different objective. It is useful for broad knowledge enhancement so that you are not blank when risk terms are used in meetings, office place.</p> <p>FRM/PRM are expensive degrees that are specifically geared towards provide you in depth knowledge on Financial Risk. RMP provides knowledge beyond financial risk, but at a broad level.</p>

Registration and learning Process

RMP Component	Details
How to register	Please send an email to manoj.jain@riskpro.in Payment details will be send to you.
Payment mode	India Cheque to our Mumbai office address. Overseas PayPal method. Paypal link will be provided via email

Dates for online interactive sessions	<ul style="list-style-type: none">▪ These sessions will typically be 3-4 hours of duration spread out throughout the year depending upon availability of trainers and the students.▪ You are required to attend 40 hours of such training. If you miss a session, you can request for attending a future session.▪ Riskpro plans to hold these interactive sessions once in a week or two.
Refunds	Refunds in eligible cases after some deductions. Please see FAQ

▲ Contact us if you are interested to explore a certification in Risk Management

- The certification will not only enrich you in an ever growing and exciting field of risk management domain, but also help you network with peers

▲ Talk to us to understand why our certification is a better option than other certifications

- FRM from GARP and PRM from PRMIA are a few other known options, but expensive
- Similar Certifications from other institutes/bodies are either too theoretical or just provide a certificate / training. Riskpro provides the engagement that is necessary.
- Riskpro certification provides a practical approach to Risk Management

Riskpro's RMP is an investment that is worth making.

FAQ

1. Who should join the program

- ✓ This is a very good program for any student, recent graduate or a working professional who is looking to develop risk management awareness and working knowledge on key aspects of Risk Management.
- ✓ This is also useful for anyone who wants to stay connected with risk management developments through our engagement process of newsletters, risk alerts, participation in events etc

2. When can I join. How much time do I have to complete

- ✓ Immediately once you have made the payment for the program.
- ✓ The program is on a rolling admission basis and there is no set start or set end date.
- ✓ In terms of end date, you are expected to complete the program in 3-6 months. Access beyond six months will be valid on a case by case basis.

3. Can I make payments in installments

- ✓ The program fee is so low that we do not support installment payments.
- ✓ We require full payment before start of program.

FAQ

4. Comparison with FRM/PRM

- ✓ Price point of our certification is significantly lower than competition or international certification
- ✓ Agreed that our certification will be less valuable than FRM/PRM, but the objectives of candidates seeking our certification are different.
- ✓ FRM is relevant for people who want to specialise in Risk Management and want to join high profiles roles such as Market Risk, Derivatives, Quants etc. Similarly PRM is relevant for those people who want to make a career in Risk Management
- ✓ Riskpro RMP certification is actually meant to impart knowledge of risk management to a person who has little or no knowledge of the subjects. The goal is to provide all round concepts in risk management which can definitely be applied in any risk management position.
- ✓ The certification will also boost a career change for people wanting to change their career into risk management.
- ✓ FRM and PRM are considered to be quite difficult and unless there is commitment, a person may end up spending a lot of energy and money and still no certification.
- ✓ People who take our certification don't want a cutting edge tool to master risk management jobs and domain. They want a broad and practical awareness of risk management and its relevance in the context of an organisation
- ✓ Riskpro's RMP blends practical experiences and networking that are pillars for success during the career. Industry engagement is critical to a all round exposure to risk management. FRM or PRM does not give this practical engagement.

FAQ

5. Mode of Learning. Is it available in my city

- ✓ Majority of the learning is done online through E Learning. Riskpro's support, webinars, newsletters etc all happen through emails.
- ✓ A core part of the certification is also the interactive classes conducted by experts that are done at a city based event physically (or in extreme cases over Webex in case the required number of students are not enrolled).
- ✓ The program is open to any person from any city. In case of interest to join physical classes, he / she may be required to come to a Metro city to join them. However, attending these is not compulsory and the candidates can appear for the exam after taking alternative interactive classes over Web ex,

6. Effectiveness of E Learning to classroom training

- ✓ Today's professionals demand that everything from shopping to ticketing to education come to their finger tips. Save time on commute, waiting for instructors, rainy days. Log in when you have time and when you are in a position to concentrate.
- ✓ E Learning and the use of computers ensures that learning happens when you are ready, and not when we are ready.
- ✓ However, we have complemented our E Learning with classroom sessions for those difficult questions / doubts.

FAQ

7. I live outside India. Can I take the program

- ✓ Absolutely. The RMP is predominantly online and hence anyone across the world can benefit from the RMP.
- ✓ Examinations are also online.
- ✓ Certificate on completion will be provided via email / courier

8. I have spend a few years of my career in risk management/ similar field. Will this benefit me.

- ✓ It depends on personal circumstances. RMP is meant to be broad across many topics to give you an awareness and a good working knowledge of Risk Management.
- ✓ Your working in a similar role for a few years means that you have good knowledge of that particular aspect of risk management, but may not have good control over other topics of risk.
- ✓ However, if you have been in a similar role for over 8-10 years, especially Compliance, Basel II, operational risk, then the value add will be low.
- ✓ If you have no clue what risk management, Basel II, ERM, GRC is. Then welcome aboard. We assure you that the knowledge will be worth it.

FAQ

9. What is the program schedule, batch options. Examination schedule?

- ✓ There is no set program schedule. You are free to progress on this at your own pace.
- ✓ Examinations will be held online every 2 months on a specific date. These will be held online
- ✓ In case a student is not successful, they can retake the examination again at the next exam date.
- ✓ Repeated instances of exams may require you to make additional exam fees. Two exam fees are included in the program.

10. My friends are interested too. Do you have group discounts.

- ✓ Yes. Riskpro offers group discounts for group registrations for 3 or more candidates within the company/group.
- ✓ Studying in a group also gives you the benefit to discuss the topics and implement in day-to-day working
- ✓ Please contact us for this discount.

FAQ

11. Recognition

- ✓ Riskpro certification is currently not approved or recognised by Government Body. Riskpro will seek industry accreditation and acceptability soon after the launch of its certification
- ✓ Riskpro's RMP is an alternative to for FRM/PRM certification. This certification helps to build a greater awareness in risk and impart relevant knowledge
- ✓ Riskpro will provide a physical certificate and the candidate will be entitled to use "Risk Management Professional" at the end of the program and on successfully passing the examination.

12. Cost of Certification

- ✓ Riskpro certification is priced at a special discounted price as mentioned in prior slides. This is the complete payment for all components of the training.
- ✓ All payments are made upfront in one lumpsum payment
- ✓ Riskpro certification costs significantly lower than other certification in the international markets.

13. Satisfaction / Refund of Money

- ✓ Riskpro is confident that the courses will add value to its professionals.
- ✓ We will refund money after deducting pro rated benefits / course fee as decided by the management and after deducting administration/marketing charges of Rs 5,000
